ACH Wolverhampton had a wonderful afternoon last Monday as we took some of our tenants to the local art gallery in Wolverhampton.

The tenants got the chance to experience some of the local, free and creative activities available to them in their community as well as being able to meet and socialize with each other.

We spent a good few hours exploring the huge gallery while two of our tenants were busy showcasing their artistic talents by drawing portraits of people in the gallery. Below you can see their finished pieces. It is a wonderful example of the talents and creativity that refugees bring to our community.

It was wonderful to be able to show the tenants there are many places they have not yet discovered in Wolverhampton where they can go to do something they enjoy.

We had a wonderful time and we look forward to the next trip!
