STARTING AS WE MEAN TO GO!

INNOVATION & EXCELLENCE

AWARDS 2017

- WINNER -

Starting as we mean to go on!

Article by:

Matthew Rogers

Marketing & Communications Officer | ACH Bristol

Following a successful 2016, where we were nominated for a number of high profile awards and won a Voscur, we've already seen some awards success in 2017:

Following being shortlisted for Outstanding Campaign of the Year in the UK Housing Awards 2017, Fuad was shortlisted for Chief Executive of the Year in the National Centre for Diversity Grand Awards 2017.

And we can finally reveal that we have won the Social Housing Provider of the Year Award in the Corporate LiveWire Innovation and Excellence Awards 2017!!

These awards honour and celebrate those businesses and firms who are creating a brighter tomorrow. They give recognition to businesses that are transforming their respective industries and the standard-bearers of excellence by continually setting industry trends as well as showing significant advances in terms of innovation and improvement.

The judges were particularly impressed with our aim of changing the perception of refugees, to seeing them as assets, not a burden.
