

Local Leader Awards

We are proud to announce that our Regional Manager, Osman Ishal has been nominated for a Local Leader Award! The Local Leader Awards recognise Birmingham's most inspirational figures in the Third Sector who have had notable impact on their local communities and successfully led and empowered their teams.

Since 2012 Osman has helped to establish ACH's Birmingham branch which has rapidly become our largest provider of housing for newly-arrived refugees in the UK. During this period Osman has overseen the housing and support of more than 450 tenants and recently played a key role in the launch of our new branch in Wolverhampton.

We briefly caught up with Osman after he received the news about the nomination:

"I feel so privileged to be recognised for this award – it's truly humbling. It's a pleasure to work with ACH and be given the opportunity to make a big impact on local communities across the Midlands. I feel a strong affinity with our tenants and learners and they will always be my top priority."

Big congratulations to Osman on the nomination! Our fingers are crossed for the 21st July.
