

Big Potential Fund

Ashley Community Housing has been awarded a grant of £500,000 by the **Big Potential Fund**, for us to continue developing and improving as the leading housing and training provider. With this grant we aim to improve the sustainability, capacity and scale of **Ashley Community Housing** in order for us to deliver a greater social impact within the United Kingdom.

The grant will give **Ashley Community Housing** an opportunity to create a Sharia applicant investment role which will be the first in the United Kingdom. Whilst **Ashley Community Housing** aims to house and support current refugees during their integration into the United Kingdom, once they have been successfully resettled our work is normally done and we have to turn our focus to new arrivals. However, with the **Big Potential Fund** we will be able to maintain a relationship with these former tenants, meaning they can still access the support from ACH which ensures that they do not return into homelessness.
