Last week we exhibited at the South West Landlord Expo at UWE, the largest event for private landlords and property agents in the South West.

We were there to talk to landlords about what we can offer them and the important work we do housing refugees in the West of England.

Throughout the day we had many landlords interested in the important resettlement work we do, alongside the brilliant benefits available to landlords working with us. We were surrounded by an array of great stalls which covered many different housing needs, highlighting what a fantastic event it was to attend as an exhibitor.

If you couldn't make the event but would like to find out more information about our resettlement work and how we work with landlords, contact our Housing Manager, Saed Mohamed:
