#rethinkingrefugee campaign nominated for outstanding campaign of the year

In 2016 we were highly commended in the UK Housing Awards for our Outstanding Approach to Meeting Specialist Housing Needs. And now in 2017 we are extremely proud to finally announce that we have been shortlisted for Outstanding Campaign of the Year in the UK Housing Awards 2017 for our #rethinkingrefugee campaign.

We work tirelessly to change perceptions of refugees and get employers, the media and people in general to see them as assets to businesses and local communities. Nominations like this show that people are seeing this work in action.

These awards, which recognise outstanding work by housing organisations to improve the lives of people in their communities, are organised by the Chartered Institute of Housing (CIH) and Inside Housing magazine. Ashley Community Housing is now one of seven left in the running for the award for Outstanding Campaign of the Year. We're keeping our fingers crossed for this one, and will keep you updated on the results!
