

#RETHINKINGREFUGEE BATH & WOLVERHAMPTON: SAVE THE DATE!

#rethinkingrefugee Bath & Wolverhampton: Save the Date!

Following our successful Bristol and Birmingham events we are holding **Rethinking Refugee** events in Bath & Wolverhampton.

The past two years have been tumultuous ones, with unprecedented numbers of refugees entering the region, further austerity measures and the Brexit vote. With further arrivals from Syria expected soon a way ahead is needed.

Ashley Community Housing will be presenting our groundbreaking approach to refugee resettlement and integration at these events, revealing how to rethink refugees as assets rather than liabilities.

Our Rethinking Refugee programme helps refugees get into employment more quickly, saving money as well as benefiting the economy and individuals. We have been working in the West of England since 2008 and Wolverhampton since 2015, and in that time have successfully resettled over 2000 individuals from refugee backgrounds.
