On Monday 26th September we welcomed DCLG to our Bristol training centre. The visit was organised by Tinder Foundation, who we work with to provide English My Way courses to our tenants and the wider community.

Jillian Kay, DCLG Director, and Nicola Speake from Tinder Foundation spoke to a number of our learners and heard their success stories. The visit gave us an opportunity to show DCLG what we do and how our courses help people in our local communities.

Following the visit we received an amazing thank you gift from Tinder Foundation.
