

Positive News – tenants applying for university!

We're very pleased to announce that one of our current tenants has started the application process to go to university within the United Kingdom. The tenant is applying to study BA (Hons) Electrical Engineering and has applied to UWE, Swansea, and Wolverhampton to say a few! This in itself is a massive achievement for our tenant, who has gained valuable skills learning with us and is continually growing towards independence! We're very proud of all our learners who continue to strive towards their independence within the United Kingdom – and a massive good luck to our tenant!
