Company Overview

Ashley Community Housing (ACH), established in 2008, is an award winning specialist housing and training provider with offices in Bristol and the West Midlands. We manage over 800 tenants and 500 learners every year delivering a high level of quality and service

ACH was a finalist in the 2014 National Business awards reflecting its sustainable funding position and impressive growth in its social impact.

ACH is the leading organisation in the South West when it comes to helping newly arrived individuals. Our culturally competent service is recognised by a number of organisations such as the Department for Works & Pensions, Seetec, Tinder Foundation and TimeBank.

Services Provided

Housing – Provision of fully supported accommodation in Bristol and Birmingham. Our support services are culturally sensitive, available across all tenures and provided as part of our clients occupancy agreement.

Training – Specialist employability, vocational and functional skill straining for learners from refugee and newly arrived communities.

Employment support – Specialist provision of coaching/classroom training/ work placement programmes with multilingual support. A key component of our employment provision is the establishment of volunteer work placements with local organisations.

Interpreting/ Translation – Bespoke services available for organisations requiring community language translation and interpreting support services.
